

ANTI-TRUST PROCEDURE

Doree Bonner International is determined to support the fight against cartels, which restrict competition among suppliers to the detriment of customers. We condemn all anti-competitive practices and have a zero-tolerance approach towards this behavior amongst our employees. Doree Bonner International seeks to operate only in markets free from practices such as price fixing or abusive intimidation. We comply with all local laws relative to anti-competitive practices and price fixing in the countries where we operate.

Doree Bonner International will take steps to ensure we are fully informed of applicable Anti-Trust laws and regulations in connection with cartel conduct and other Anti-Trust violations and will monitor our employees and business partners to ensure full and continual compliance.

Doree Bonner pledges to abide by the highest ethical standards and to free and fair competition. The FIDI Anti-Trust Charter is a declaration of our commitment.
